

Brucella Suis

Ireland carries out surveillance to prove freedom from Brucella suis. All boars being kept in AI facilities are screened. Also, all boars being exported must pass a pre export blood test that proves they are free of Brucella suis.

Year	Porcine samples tested for B. suis	Positives	Negatives
2013	2,088	0	2,088
2014	2,138	0	2,138
2015	2,439	0	2,439
2016	778	0	778
2017	433	0	433
